

## How to upload signature on Yahoo:

Sign into your Yahoo mail account.

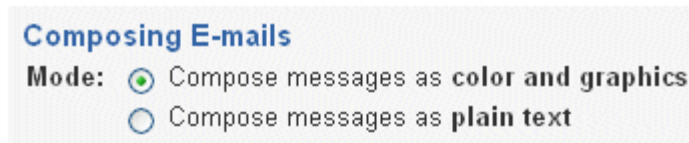

On the left of the screen select 'Mail Options' :

Then select 'General preferences' :

Click on "color and graphics" option, or that it is selected as shown:

And 

Back in the 'Mail Options' screen select 'Signature'.

Now follow these steps (make sure you know the online address where your signature image is stored)

Select 'Color and Graphics' and make sure both 'Add signature to all outgoing messages' & 'View HTML Source' are checked as shown below

## Signature [ [Back to Mail Options](#) ]

Enter text that you can attach to the bottom of all outgoing messages.

Editor: Plain | **Color and Graphics**

```
<DIV><BR><IMG src="http://www.myspace.com/mysig.gif"></DIV>
```

Add signature to all outgoing messages

View HTML Source

1. Within the window enter the following:

If you want to have **Logo + Slogan** then enter the following:

```
<DIV><BR></DIV>
```

If you want **Logo+ I m a PAL**, then enter the following:

```
<DIV><BR></DIV>
```

2. Leave the rest blank and 

Thats all you need to do for the setup.
